## **POOL CLOSING AGREEMENT**

Closing Amount: \$ \_\_\_\_\_

Customer Name \_\_\_\_\_ Date \_\_\_\_\_

Address \_\_\_\_\_

Phone \_\_\_\_\_ Alt Phone \_\_\_\_\_

### **POOL CLOSING INCLUDES:**

- Vacuuming pool (if needed and if possible).
- Cleaning out skimmer baskets and pump basket.
- Adding winterizing chemicals (chlorine shock and algaecide) if needed.
- Removing ladders and handrails (if possible). Anchors are left inside socket.
- Draining water to proper winterizing level.
- Draining all filter equipment. Plugs and returns are left in pump basket.
- Blowing out plumbing lines.
- Plugging all skimmers and returns.
- Turning off breakers at filter equipment.
- Covering pool.

### **POOL CLOSING DOES NOT INCLUDE:**

- Readjusting covers.
- Refilling water bags. ( after initial filling)
- Cleaning/Clearing up green pools.
- Balancing chemicals.
- Repair or replacement of damaged equipment such as but not limited to pump, filter, plumbing, returns etc.
- Cleaning of DE filters or cartridge filters.
- Any winterizing accessories such as covers, cover pumps, plugs, gizmos, water bags, etc.( if needed, additional charges will apply)
- Tracking down cover bag and pool closing accessories. (gizmo, plugs, etc.)
- Water hose and water for filling water bags. (owner must have hose at pool side if applicable when we arrive)
- Turn off or disconnect gas line.
- Turn off power (breakers) inside home.

### **\*\*Notice: OWNER'S RESPONSIBILITIES\*\***

**If a credit card is not on file and/or this agreement is not signed and returned before your scheduled pool closing, then your pool will not be closed – No Exceptions.** Pool closings will be performed as close as possible to the date and time scheduled. There is not an exact time. Times are from 8:00 a.m. to 6:00 p.m. Owner agrees to have all winterizing accessories including the cover on the deck and accessible. If Lusk Leisure

Products Inc. has to provide any winterizing accessories to properly winterize the pool/pool lines, the homeowner agrees to pay for the part(s) at the price that they are sold. Water must be accessible and water hose must be provided to fill water bags. The homeowner agrees to and understands that if the water level is too low to vacuum; there will be an extra charge for a return trip to vacuum and close pool when water is at proper level. In some cases, we may be unable to remove the ladder/handrail which may result in the ladder/handrail being cut to properly install the cover. In these cases the homeowner understands and assumes responsibility to purchase a new ladder/handrail upon opening and have them installed.

Also, please know that some pool systems known as being “a flooded system” can not be properly closed and/or winterized. In such cases, you may inquire about a leaf net or other cover but the water must circulate during the winter to prevent freezing. Pool closings do not include the price of a pool cover or any other winterizing equipment. All accessories will be stored in the pump basket and/or on pool deck. Owner is responsible for all items left on the deck. Covers are installed the way they came off, extra trips to tighten or refit covers will require an extra fee. Water bags are only warranty at the time they are filled and set for manufacturer defect. Please understand that water must be kept off pool cover. Water on the cover can cause it to bust, or fall into the pool, and can also cause wear on cover and coping; this will void all warranties. Any requests for return trips to tighten or readjust the cover will incur a service charge.

We will not break down and/or clean any filter during the pool closing. We do however recommend that the filter be cleaned at least once per year according to manufacturer’s suggestions. You may call to schedule a filter cleaning either before or after the pool is closed or before the pool is opened in the spring. Please understand your pool is closed for a number of months and that not all pools will be crystal clear upon opening. It is the owner’s responsibility to make sure any power source inside the home or not accessible to us, is turned off after the pool is closed. It is the owner’s responsibility to turn off any gas line. Lusk Leisure Products, Inc. will not be held responsible for any missing or damaged parts come spring, such as: jets, equalizers, sight glass, plugs, ladders/handrails, treads, etc. Understand, returns may become brittle and/or worn over time and have to be removed and/or broken for proper winterization. Anything listed above is *not included*, and will require an additional trip and service charge. Trip charge and parts are due at time of service.

**This paper must be filled out completely, signed, and returned or we will not close your pool.**

*I have read and understand the above agreement and agree to the terms therein. By signing below, I authorize Lusk Leisure Products to charge my credit card for the Pool Closing as well as any accessories required for proper winterization.*
